About HALO

Mission Statement:

- Provide a *link* between the existing Community Organizations to facilitate networking
- Provide a platform for our thought leaders and experts from all academic, professional and technical backgrounds, to exchange ideas, collaborate, and share their knowledge with our community
- Improve the image of Haitians throughout South Florida, and promote excellence in our community.

Vision Statement:

- Our vision is to empower the Haitian community to be better represented in South Florida and the community at large, and to better coordinate the efforts of the Haitian Diaspora to participate in the reconstruction of Haiti.

Statement of need

Certain conditions are more prevalent in minority populations. Furthermore, healthcare disparities are a major concern in this patient population. Healthcare professionals who provide care to minority populations need to be updated on the latest guidelines and medical information in order to provide state-of-the-art care to their patients.

Target audience

Physicians and allied healthcare professionals who provide care to minority populations.

Learning objectives

At the conclusion of this program, participants should be able to:

- Review the latest advances in the management of Hypertension and Diabetes
- Help patients make informed decision in Contraceptive Options
- Evaluate patients with Overactive Bladder and Urinary Incontinence, and determine when to refer to a specialist.

Accreditation

This activity has been planned and implemented in accordance with the Essentials Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Cedars Medical Center and The Haitian American Leadership Organization. Cedars Medical Center is accredited by the Florida Medical Association to provide continuing medical education credits for physicians.

Cedars Medical Center designates this activity for a maximum of five (5) category 1 credits towards the AMA Physician's Recognition Award. Each physician should claim only those credits that she/he actually spent in the educational activity.
